

ASHVILLE, NORTH CAROLINA

Subject:

- I Explanation.
- II Security Area Descriptions - listed alphabetically and numerically.

Prepared by:

Division of Research and Statistics  
With cooperation of the  
Appraisal Department,

September 28, 1937.

#### EXPLANATION

The purpose of the Residential Security Map is to graphically reflect the trend of desirability in neighborhoods from a residential view-point. Four classifications are used as indicated by the legend, namely: A (First Grade), B (Second Grade), C (Third Grade), and D (Fourth Grade), with Green, Blue, Yellow and Red colors respectively. In establishing the grade of an area, such factors as these are considered: Intensity of the sale and rental demand; percentage of home ownership; age and type of buildings; economic stability of area; social status of the population; sufficiency of public utilities; accessibility of schools, churches and business centers; transportation methods; topography of the area; and the restrictions set up to protect the neighborhood. The price level of the homes is not the guiding factor.

The First Grade or A areas are "hot spots"; they are not yet fully built up. In nearly all instances they are the new well planned sections of the city, and almost synonymous with the areas where good mortgage lenders with available funds are willing to make their maximum loans to be amortized over a 10-15 year period - perhaps up to 75-80% of the appraisal. They are homogeneous; in demand as residential locations in "good times" or "bad"; hence on the up grade. The Second Grade or B areas, as a rule, are completely developed. They are like a 1935 automobile - still good, but not what the people are buying who can afford new ones. They are the neighborhoods where good mortgage lenders will have a tendency to hold loan commitments 10-15% under the limit. The Third Grade or C areas are characterized by age, obsolescence, and change of style; expiring restrictions or lack of them; infiltration of a lower grade population; the presence or influences which increase sales resistance, such as inadequate transportation, insufficient utilities, perhaps heavy tax burdens, poor maintenance of homes, etc. "Jerry" built areas are included, as well as neighborhoods lacking homogeneity. Generally, these areas have reached the transition period. Good mortgage lenders are more conservative in the Third Grade or C areas and hold loan commitments under the lending ratio for the A and B areas. The Fourth Grade or D areas represent those neighborhoods in which the things that are now taking place in the C neighborhoods

have already happened. They are characterized by detrimental influences in a pronounced degree, undesirable population or an infiltration of it, low percentage of home ownership, very poor maintenance, and often vandalism prevail. Unstable incomes of the people and difficult collections are usually prevalent. The areas are broader than the so-called slum districts. Some mortgage lenders may refuse to make loans in these neighborhoods and others will lend only on a conservative basis.

These maps and descriptions have been carefully checked with competent local real estate brokers and mortgage lenders, and we believe they represent a fair and composite opinion of the best qualified local people. In using them we do not mean to imply that good mortgages do not exist or cannot be made in the C and D areas, but we do think they should be made and serviced on a different basis than the A and B areas.

The area descriptions are arranged alphabetically according to the code letter and numerically.

The following local persons collaborated with the field agent in the preparation of this map and the area descriptions:

William Colemen	Loan Service Field Representative of HOLC and former real estate broker in Asheville
Hugh Hall	Fee Property Appraiser, HOLC, and former real estate broker in Asheville
J. A. Carroll	Former HOLC District Appraiser and present HOLC Contract Sales and Management Broker
William G. Adams	Real Estate Broker and Property Appraiser
J. C. Dillard	Real Estate Broker and Loan Correspondent for Prudential Insurance Company of America
J. T. Bledsoe	Bledsoe Realty Company, Real Estate Brokers
R. F. Booth	Realtor
E. S. Sumner	Realtor

NOTE: A Street index will be found on the border of the map.

## AREA DESCRIPTION

1. NAME OF CITY Asheville, N. C. SECURITY GRADE A AREA NO. 1
2. DESCRIPTION OF TERRAIN. Mountainous
3. FAVORABLE INFLUENCES. All city conveniences - Golf Course - Mountain View - Swimming Pool - Lakes - Adequate Bus Transportation. Originally highly restricted.
4. DETRIMENTAL INFLUENCES. About 85% undeveloped and several hundred vacant lots as well as adjoining acreage, golf course, lake and swimming pool are owned by holding company for defunct mortgage company which acquired property by foreclosure. Sales program on vacant lots now getting under way but considerable speculation as to restrictions.
5. INHABITANTS: Executives and business which will appear under the new program.  
 a. Type men and Professionals men; b. Estimated annual family income \$ 4000 upward  
 c. Foreign-born None, %; d. Negro None (Yes or No), %  
 e. Infiltration of None; f. Relief families None  
 g. Population is increasing Slowly; decreasing \_\_\_\_\_; static.
6. BUILDINGS:  
 a. Type or types large Singles; b. Type of construction Brick-Stone-Masonry  
 c. Average age 10 years; d. Repair Good
7. HISTORY: 

YEAR	SALE VALUES			RENTAL VALUES		
	RANGE	PREDOMINATING	%	RANGE	PREDOMINATING	%
1929 level	\$6,000 - 35,000	\$17,500	100%	\$50 - 150	\$75	100%
1933 low	5,000 - 20,000	12,500	67%	35 - 100	60	80%
current	6,000 - 25,000	3,000	85%	50 - 100	75	100%

  
Peak sale values occurred in 1929 and were 130 % of the 1929 level.  
Peak rental values occurred in 1929 and were 130 % of the 1929 level.
8. OCCUPANCY: a. Land 15%; b. Dwelling units 100%; c. Home owners 50 %
9. SALES DEMAND: a. Good; b. \$15,000 singles; c. Activity is Good
10. RENTAL DEMAND: a. Good; b. \$75 singles; c. Activity is Good
11. NEW CONSTRUCTION: a. Types \$15,000 singles; b. Amount last year Substantial - about 30
12. AVAILABILITY OF MORTGAGE FUNDS: a. Home purchase Ample; b. Home building Ample
13. TREND OF DESIRABILITY NEXT 10-15 YEARS Problematrical - If restrictions are enforced as originally set out, trend of desirability will be upward.
14. CLARIFYING REMARKS: Information is that holding company has offered lake to city free, subject to conditions that city would maintain water at certain level in lake, etc., but offer has been withdrawn. Abandonment of lake or its destruction will seriously affect values and desirability of this area. The opinion was expressed that abandonment of lake would affect desirability of section and cause values to decline and likewise would lower tax assessments and for this reason lake would be maintained even though it was necessary for city to take it over.
15. Information for this form was obtained from Mr. Coleman, Long Service Field Representative, and Hugh G. Hall, NCDC, Tax Property Appraiser.

AREA DESCRIPTION

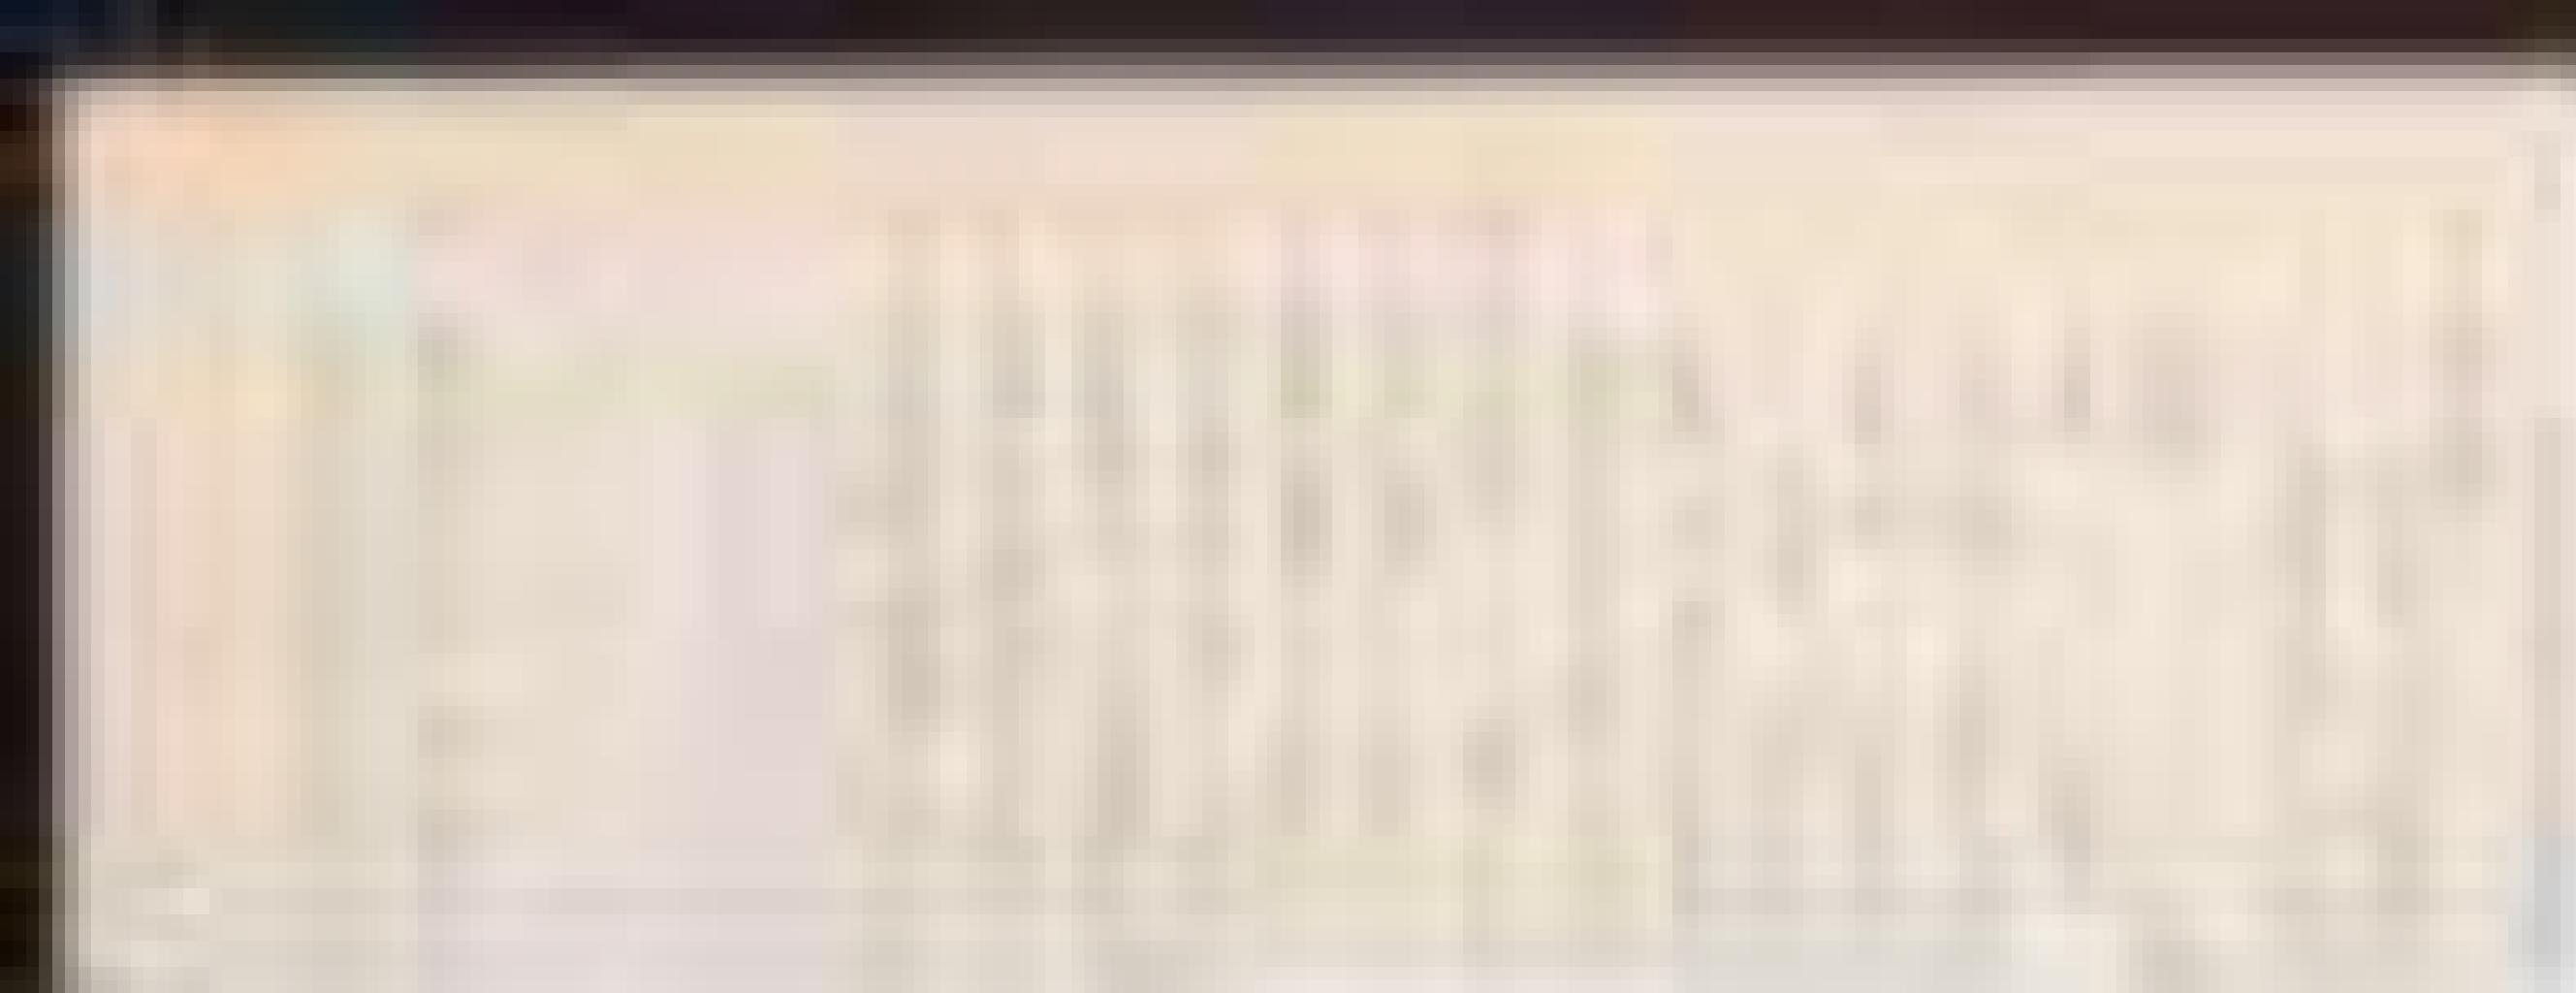

1. NAME OF CITY Asheville, N. C. SECURITY GRADE A AREA NO. 2
2. DESCRIPTION OF TERRAIN. Rolling and Mountainous
3. FAVORABLE INFLUENCES. Adjoins Asheville Country Club & Golf Course - Grove Park Inn, famous as one of the leading resort hotels in the country - Magnificent mountain view - Schools in area - adequate transportation - all city conveniences. Parkways in middle of streets and cross plots on sidewalks maintained by "Grove Park" Park Commission with property owners assessed 10¢ per front foot for this maintenance. Recognized as the most ideal spot around Asheville for the average business or professional man to reside.
4. DETRIMENTAL INFLUENCES. None
5. INHABITANTS: Business Executives - Professional men and Capitalists; a. Type Professional men and Capitalists; b. Estimated annual family income \$ 6000 upward; c. Foreign-born None, %; d. Negro None; (Yes or No); e. Infiltration of None; f. Relief families None; g. Population is increasing Slowly in Northern part; decreasing part; static.
6. BUILDINGS: Large singles - a few higher-priced apartments and duplexes. a. Type or types price apartments; b. Type of construction Brick; c. Average age 15 years; d. Repair Good
7. HISTORY: 

YEAR	SALE VALUES			RENTAL VALUES		
	RANGE	PREDOMINANT	%	RANGE	PREDOMINANT	%
1929 level	\$7500 - 50,000	\$17,500	100%	\$45 - 200	\$100	100%
1933 low	6500 - 35,000	12,500	57%	40 - 150	60	60%
current	6500 - 35,000	15,000	85%	45 - 150	75	75%

Peak sale values occurred in 1926 and were 130 % of the 1929 level.  
Peak rental values occurred in 1926 and were 130 % of the 1929 level.
8. OCCUPANCY: a. Land 75%; b. Dwelling units 100%; c. Home owners 85 %
9. SALES DEMAND: a. Good; b. \$15,000 Singles; c. Activity is Good
10. RENTAL DEMAND: a. Good; b. \$75 singles; c. Activity is Good
11. NEW CONSTRUCTION: a. Types \$15,000 Singles; b. Amount last year Substantial - about 20
12. AVAILABILITY OF MORTGAGE FUNDS: a. Home purchase Ample; b. Home building Ample
13. TREND OF DESIRABILITY NEXT 10-15 YEARS Upward in Northern Section
14. CLARIFYING REMARKS: Southern part of area South and East of Golf Links is known as "Grove Park" and is about 90% built up with beautiful expensive homes predominating. This part of the area is the older part but is still "tops". The part of the area West of the Golf Links and Kimberly Avenue contains the lower priced properties. All new construction is in that part of the area lying North of the Golf Links, this being the part more recently developed.
15. Information for this form was obtained from Wm. Coleman, Loan Service Field Representative, and Rush C. Hall, HOLC Fee Property Appraiser.

**AREA DESCRIPTION**

AREA DESCRIPTION

1. NAME OF CITY Asheville, N. C. SECURITY GRADE B AREA NO. 1
2. DESCRIPTION OF TERRAIN. Rolling.
3. FAVORABLE INFLUENCES. All city conveniences, adequate transportation close to community business center - schools - churches. Only short distance to Beaver Lake Swimming Pool and Golf Course.
4. DETRIMENTAL INFLUENCES. Encroachment of tourist homes along Merriman Avenue, which is just East of the area.
5. INHABITANTS: Professional men - Clerical  
 a. Type Business men; b. Estimated annual family income \$ 2400 - 4000  
 c. Foreign-born None; %; d. Negro None; %  
(Nationality) (Yes or No)

 g. Population is increasing       ; decreasing       ; static. yes
6. BUILDINGS: small singles- some apartments  
 a. Type or types and duplexes; b. Type of construction Frame  
 c. Average age 25 years; d. Repair Fair
7. HISTORY: 

YEAR	SALE VALUES			RENTAL VALUES		
	RANGE	PREDOMINATING	%	RANGE	PREDOMINATING	%
1929 level	\$3500 - 10,000	26500	100%	\$30 - 75	450	100%
1933 low	2500 - 8000	4500	69%	20 - 50	35	70%
current	\$3000 - 10,000	5500	85%	\$30 - 75	45	90%

Peak sale values occurred in 1929 and were 130 % of the 1929 level.  
Peak rental values occurred in 1925 and were 130 % of the 1929 level.
8. OCCUPANCY: a. Land 55%; b. Dwelling units 100%; c. Home owners 50%;
9. SALES DEMAND: a. Fair; b. 35000 Singles; c. Activity is Fair
10. RENTAL DEMAND: a. Good; b. 345 singles; c. Activity is Good
11. NEW CONSTRUCTION: a. Types None; b. Amount last year None
12. AVAILABILITY OF MORTGAGE FUNDS: a. Home purchase Able; b. Home building Able
13. TREND OF DESIRABILITY NEXT 10-15 YEARS Static to downward
14. CLARIFYING REMARKS: Area not restricted - general in type of property and development.  
Good, bad and indifferent houses all over area.
15. Information for this form was obtained from Mr. Coleman, Loan Service Field Representative  
and Ruth G. Hall, Building Property Appraiser.

## AREA DESCRIPTION

1. NAME OF CITY Asheville, N. C. SECURITY GRADE B AREA NO. 3
2. DESCRIPTION OF TERRAIN. Rolling to hilly
3. FAVORABLE INFLUENCES. Close to center of city - all city conveniences - adequate transportation - Parking area.
4. DETRIMENTAL INFLUENCES. Age of properties - surroundings - Hospital in Area.
5. INHABITANTS: Business men - Executives -  
 a. Type Professional men; b. Estimated annual family income \$ 2000 upward  
 c. Foreign-born None; %; d. Negro None; %  
(Nationality) (Yes or No)  
 e. Infiltration of None; f. Relief families None  
 g. Population is increasing       ; decreasing       ; static. yes
6. BUILDINGS: Large and small  
 a. Type or types singles; b. Type of construction Frame - Brick  
 c. Average age 25 years; d. Repair Good
7. HISTORY: 

YEAR	SALE VALUES			RENTAL VALUES		
	RANGE	PREDOM- INATING	%	RANGE	PREDOM- INATING	%
1929 level	\$3500 - 17,500	\$7500	100%	\$30 - 65	\$45	100%
1933 low	3000 - 12,500	5000	66	20 - 45	35	77
current	3000 - 18,500	\$6000	80	30 - 55	40	88

Peak sale values occurred in 1929 and were 130 % of the 1929 level.  
Peak rental values occurred in 1926 and were 130 % of the 1929 level.
8. OCCUPANCY: a. Land 85%; b. Dwelling units 100%; c. Home owners 55%;
9. SALES DEMAND: a. Fair; b. \$5000 Singles; c. Activity is Fair
10. RENTAL DEMAND: a. Good; b. \$40 singles; c. Activity is Good
11. NEW CONSTRUCTION: a. Types None; b. Amount last year None
12. AVAILABILITY OF MORTGAGE FUNDS: a. Home purchase Ample; b. Home building Ample
13. TREND OF DESIRABILITY NEXT 10-15 YEARS Static to downward
14. CLARIFYING REMARKS: Montford Avenue at one time was one of the best residential streets in the city and there are many large, beautiful homes occupied by very substantial citizens. Pearson Drive also has many large, expensive homes. The trend, however, is not in this direction and while the area is still a very desirable place in which to live, the increasing age of the properties and encroachment into immediate adjoining areas of lower income group will eventually have a detrimental effect in this area.
15. Information for this form was obtained from Mr. Coleman, Loss Service Field Representative  
and Hugh C. Hall, NCDC Fee Property Appraiser.

AREA DESCRIPTION

1. NAME OF CITY Asheville, N. C. SECURITY GRADE 3 AREA NO. 4
2. DESCRIPTION OF TERRAIN. Rolling and Mountainous
3. FAVORABLE INFLUENCES. All city conveniences - close to schools, churches and business center. Adequate transportation.
4. DETRIMENTAL INFLUENCES. Negro settlement in area - Sanitarium for those suffering nervous ailment, located on Caledonia Road (formerly Kenilworth Inn). Smoke from railroad.

- Peak sale values occurred in 1929 and were 130 % of the 1929 level.  
Peak rental values occurred in 1929 and were 130 % of the 1929 level.
8. OCCUPANCY: a. Land 5%; b. Dwelling units 100%; c. Home owners 100%; Nothing for sale except
9. SALES DEMAND: a. None; b. Recent lots and no; c. Activity is None
10. RENTAL DEMAND: a. Nothing for; b.                   ; c. Activity is
11. NEW CONSTRUCTION: a. Types None; b. Amount last year None
12. AVAILABILITY OF MORTGAGE FUNDS: a. Home purchase Limited; b. Home building Limited Problematical-depending to a large extent on practice
13. TREND OF DESIRABILITY NEXT 10-15 YEARS Followed in disposing of vacant lots and what restrictions are maintained.
14. CLARIFYING REMARKS: This subdivision originally started by founder of Asheville School for Boys (an exclusive institution) with the idea in mind of selling the sites to former students for use as summer homes. Ownership originally carried with it right to use school lake and golf course. However, after spending his money he found it necessary to borrow to further the development and mortgage company foreclosed and now owns practically all of vacant property.
15. Information for this form was obtained from Wm. Coleman, Loan Service Field Representative, and Hugh C. Hall, Fee Property Appraiser.

## AREA DESCRIPTION

1. NAME OF CITY Asheville, N. C. SECURITY GRADE B AREA NO. 9
2. DESCRIPTION OF TERRAIN. Rolling to hilly
3. FAVORABLE INFLUENCES. All city conveniences - Adequate transportation - not far distant to school - Asheville Rhododendron Gardens adjoins Southern part of area.
4. DETRIMENTAL INFLUENCES. Southern part of area slightly isolated and distant from school and community business facilities.

12. AVAILABILITY OF MORTGAGE FUNDS: a. Home purchase Limited; b. Home building Limited
13. TREND OF DESIRABILITY NEXT 10-15 YEARS Static
14. CLARIFYING REMARKS: This is in what was formerly West Asheville, a separate incorporation. It is necessary to cross River to get to it and Haywood Road is about the center of the area and along it, for approximately 1½ miles, are many business places, from cheap to good, with centers at Haywood and Westwood and at Brevard Road and Haywood Road. Very little development in extreme Western part. Eastern boundary of area is a high bluff with river at bottom and on this side, north of Haywood Road, is some very, very cheap development.
15. Information for this form was obtained from Mr. Coleman, Loan Service Field Representative.

AREA DESCRIPTION

1. NAME OF CITY Asheville, N. C. SECURITY GRADE C AREA NO. 4
2. DESCRIPTION OF TERRAIN. Rolling to hilly
3. FAVORABLE INFLUENCES. All city conveniences, adequate transportation. Biltmore business center in area. Schools and churches, also in area.
4. DETRIMENTAL INFLUENCES. Railroad and River through northern part - large portion outside city limits. Industrial plants in Northern part of area. Subject to overflow in section close to railroad and Swannanoa River. Sanitarium of Biltmore Road in extreme Northern part of area.
5. INHABITANTS: Bleachery workers - clerical  
 a. Type Mechanics - Railroad workers; b. Estimated annual family income \$ 750-3000  
 c. Foreign-born None; %; d. Negro None; % (Yes or No)  
 e. Infiltration of None; f. Relief families Few  
 g. Population is increasing       ; decreasing       ; static. Yes
6. BUILDINGS:  
 a. Type or types Small & large singles; b. Type of construction Frame & brick veneer  
 c. Average age 20 years; d. Repair Fair
7. HISTORY: 

YEAR	SALE VALUES			RENTAL VALUES		
	RANGE	PREDOMINATING	%	RANGE	PREDOMINATING	%
1929 level	\$1500 - 5000	\$3000	100%	\$12.50 - 30	\$25	100%
1933 low	1000 - 4000	2000	66	8.00 - 20	15	60
current	1250 - 5000	2500	55	10.00 - 30	20	80

  
Peak sale values occurred in 1925 and were 130 % of the 1929 level.  
Peak rental values occurred in 1925 and were 130 % of the 1929 level.
8. OCCUPANCY: a. Land 40 %; b. Dwelling units 98 %; c. Home owners 40 %
